## HOUSING

### 27. APARTMENT

Monthly Rent 2 bedroom, 1-1/2 or 2 baths, unfurnished

- ❖ Price units of approximately 950 sq. ft.
- ❖ Exclude all utilities except water and sewer.
- ❖ Typically these are called garden apartments with a small balcony or an enclosed area for the first floor
- ❖ Price only the newer units, please. They do not have to be exclusive, but they should be nice.
- ❖ Generally these apartments are in the same growth areas as the new houses
- ❖ Please check for these **common mistakes**....
  - Do not include energy in the rent. If possible exclude the cost of electric and gas
  - Do not include the cost of garages or storage areas if they are available at additional cost

### 28. HOUSE PURCHASE: NEW HOME

2,400 sq. ft. living area new house (see Manual for specifications); full purchase price

- ❖ Price only newly constructed units that have never been previously occupied, please.
- ❖ The units don't have to be exclusive, but must be nice (with "Good" or "Very Good" construction quality). Typically these are spec houses found in developing subdivisions.
- ❖ Please, seek help from homebuilders in your area. If you are having trouble identifying builders or appropriate prices check out [www.zillow.com](http://www.zillow.com) or [www.realtor.com](http://www.realtor.com) for projects that are underway in your area.
- ❖ See the Cost of Living Index Manual for detailed specifications about custom features that should be present.
- ❖ Please check for these **common mistakes**....
  - Please do not price 3 bedrooms
  - Don't include the garage or porches or patios in the 2,400 sq. ft. of living area
  - Do not include the cost of garages or storage areas if they are available at additional cost
  - Basements are not required but, if present, include their sq ft only if the space is fully livable year around

### 29. HOUSE PURCHASE: MORTGAGE RATES

Current mortgage rate

- ❖ Please price mortgage rates on the Monday following the pricing dates for the rate in effect for the close of business on Friday
- ❖ It is important that you specifically ask for both Discount Points and the Origination Fee. Normally lenders do not volunteer that information.
- ❖ **IMPORTANT:** On the web site and other worksheets, *we assume* that origination fees you report at "2" or less are a percent of the mortgage value; and fees reported at more than "2" are being reported as a flat dollar fee.
- ❖ Please check for these **common mistakes**....
  - Don't rely on rates quoted in the local newspapers.
  - These are often not accurate since the lenders seldom actually offer the rate when you call. (They consider this as free advertisement so they take advantage of the newspaper listing).
  - Do not use an Adjustable Rate Mortgage (ARM) if a Fixed Rate, 30-year mortgage is available. Currently Fixed Rates are the norm.
  - *Don't use any interest rate in which the Discount Points total more than two (2).*

## UTILITIES

### 30. ENERGY -- ELECTRICITY, MONTHLY

#### Electricity Provider #1 Instructions

- ❖ Please report rate information for kilowatt hours (kwh).
- ❖ Check out the Residential Rates on your utilities' web site for a starting point. This site generally includes the basic rates, but may not include any recent adjustments (which you can get from your utility rep.)
- ❖ You may report your data in a utility spreadsheet (in Excel format) or via the Internet site.
- ❖ Both forms ask the same set of questions designed to gather information required to calculate the cost of providing energy for a standard-sized house.
- ❖ We will make the calculation so that it is as comparable as possible across places, but we need this information from your utility provider to make our calculations.
- ❖ You may wish to print either the Excel spreadsheet or Item 30 from the ACCRA Cost of Living Index Price Collector web site and provide this to a rate engineer or utility representative so that he or she can complete the form for you. Simply fax the form to your utility rep and ask for a response.
- ❖ It is best to input last quarter's data and let her/him correct the worksheet.
- ❖ Don't be surprised if the base rates don't change frequently (sometimes they can go for years without changing)
- ❖ A number of other charges and rebates change more frequently such as the customer charge or "special charges listed at the end of the Excel spreadsheet or the Price Collector Item 30 input screen."
  - Please remember to enter the **adjustment factor**; if there is none, please enter zero.
  - Also many utilities have multiple Charges or Rebates. You may include the 10 most important of these charges. Be sure they are for the current month.
- ❖ **IMPORTANT:** please enter rebates or credits as negative numbers.
- ❖ Please make sure that all decimals read as dollars and cents (or parts of cents). For example, when you receive data in cents (e.g., 65¢) should be formatted as dollars (e.g., \$0.65).
- ❖ If you enter data from past quarters, please review carefully for accuracy.

### 31. ENERGY -- ELECTRICITY, MONTHLY

#### Electricity Provider #2

- ❖ See Instructions for Item 30

### 32. ENERGY -- NATURAL GAS, MONTHLY

#### Natural Gas Provider #1 Instructions

- ❖ Please report rate information for therms or CCFs.
- ❖ Please divide data reported for **MCFs** by 10.
- ❖ **Check out your utility's web site. It usually has basic rates in a Residential Rates worksheet, but recent adjustments may not be captured. If your area was recently deregulated, use the most common or "well-known" gas company as a starting point.**
- ❖ You may report your data in a utility spreadsheet (in Excel format) or via the Internet site.
- ❖ Both forms ask the same set of questions designed to gather information required to calculate the cost of providing energy for a standard-sized house.
- ❖ We will make the calculation so that it is as comparable as possible across places, but we need this information from your utility provider to make our calculations.
- ❖ You may wish to print either the Excel spreadsheet or Item 32 from the ACCRA Cost of Living Index Price Collector web site and provide this to a rate engineer or utility representative so that he or she can complete the form for you. Simply fax the form to your utility rep and ask for a response.
- ❖ It is best to input last quarter's data and let her/him correct the worksheet.
- ❖ Don't be surprised if the base rates don't change frequently (sometimes they can go for years without changing)
- ❖ A number of other charges and rebates change more frequently such as the customer charge or "special charges listed at the end of the Excel spreadsheet or the Price Collector Item 32 input screen."
  - Please remember to enter the **adjustment factor**; if there is none, please enter zero.

- ❖ If you enter data from past quarters, please review carefully for accuracy.
- ❖ Please direct questions by e-mail to Jennie Allison at [jallison@crec.net](mailto:jallison@crec.net)

### 33. ENERGY -- NATURAL GAS, MONTHLY

#### Natural Gas Provider #2

- ❖ See Instructions for Item 32

### 34. ENERGY -- HEATING OIL (Use only if applicable)

Price per Gallon

- ❖ Please input as collars and cents

### 35. TELEPHONE (Monthly Costs)

Local cell phone tax rate

- ❖ Collect the tax rates and local fees
- ❖ Use the link:  
<https://www.verizonwireless.com/support/taxes-and-surcharge-estimator/>
- ❖ Enter a valid local address, can be work or home, select "Basic/Smartphone" button and submit
- ❖ Copy all "Results Taxes and Surcharge Estimates" from the results page with fees, taxes, and related descriptions
- ❖ Please paste the results in the survey comment box
- ❖ Please check for these common mistakes....
  - Do not include tax rates for the price of the phone, just the cell service
  - Don't price landline telephone

## TRANSPORTATION

### 36. AUTO MAINTENANCE

**Report the price to computer-balance all four wheels (use spin balance if computer N/A)**

- ❖ Price typical tire dealers; places like Goodyear, Firestone, Michelin, Sears, K-Mart are good.
- ❖ You should be able to get computer balance at the above type places, but if you can't you may use spin balance.
- ❖ Be sure the price is for **all four wheels**. Normally when you get your tires balanced it's for at least two, but still only include the cost for all four wheels.
- ❖ Please check for these **common mistakes**....
  - Don't price at new car dealers -- they are almost always extremely high.
  - Don't price at service stations -- often they only have spin balance.

### 37. GASOLINE

1 gallon unleaded regular, incl. all taxes.

- ❖ Cash price at self-service pump (if there is a distinction between cash and credit).
- ❖ Not brand specific
- ❖ Price only the self-service pumps.
- ❖ The easiest way to price gasoline is to keep a 3x5 card with you while you are doing the grocery and other pricing and jot the prices down while you are at a stoplight. Most service stations are on corners and have their price signs posted.
- ❖ Please check for these **common mistakes**....
  - Don't price the higher octane and higher priced gasoline mixtures.

- Be careful not to price diesel fuel.

## HEALTH CARE

### 38. OFFICE VISIT, OPTOMETRIST

Full vision eye exam for established **adult** patient

- ❖ Please price only optometrist
- ❖ Eye exam should include eye examination, eyeglass prescription, glaucoma test and dilation exam
- ❖ Please check for these **common mistakes**
  - Please make sure that the price doesn't include the eyeglasses
  - **Dilation is not always part of the exam so you may need to verify that it has been included in the reported price**
  - Do not price ophthalmologists

### 39. OFFICE VISIT, DOCTOR

General practitioner average charge for established adult patient

- ❖ Please report the full price you would be paying if you do **not** have health insurance.
- ❖ Please price only general or family practitioners for an office visit.
- ❖ Price AMA Procedure 99213, is a mid-level service office visit.
- ❖ The easiest way to price is to call the doctors office directly each quarter. That way the receptionists get to know you and what you need. Every year or so, review your calling list to see if you should add a new doctor or two and drop another one or two.
- ❖ Please check for these **common mistakes**....
  - Don't price AMA Procedures 99211, 99212, 99214 OR 99215. These procedures are insurance codes that reference level of service. These levels of service are not comparable to AMA Procedure 99213.
  - Don't price specialists or clinics

### 40. OFFICE VISIT, DENTIST

Teeth cleaning for established adult patient

- ❖ Please report the full price you would be paying if you do **not** have dental insurance.
- ❖ Please price only general or family practitioners for a semiannual treatment.
- ❖ Price ADA Procedures 01110 (insurance codes for teeth cleaning).
- ❖ The easiest way to price is to call the dentists office directly each quarter.
- ❖ That way the receptionists get to know you and what you need. Every year or so, review your calling list to see if you should add a new dentist or two and drop another one or two.

  - Please avoid pricing gel-caps or caplets

#### 42. PRESCRIPTION DRUG

Lantus SoloStar Insulin, 1 carton containing five pens

- ❖ This is the most widely sold prescription drug for Type I and Type II diabetes
- ❖ Please price at local pharmacies in grocery stores or other retail outlets
- ❖ Please ask a pharmacist for the price of this item **without insurance coverage**
- ❖ Please be careful of these common mistakes
  - Be sure to price only one carton
  - Don't price any other brands

### MISCELLANEOUS

#### 43. HAMBURGER SANDWICH

**McDonald's Quarter-Pounder with cheese**

- ❖ Other franchises are acceptable, make sure what you price is compatible with the McDonald's product.
- ❖ It shouldn't make any difference if you eat in or take out.
- ❖ Only price one Quarter-Pounder, no matter if you can get another for as little as a penny. What would it cost you to get only one
- ❖ Please check for these **common mistakes**...
  - Be sure it includes the cheese, even though some places make it a special order to get it without the cheese.
  - Don't price any other store than McDonald's
  - Do not include the tax -- be extra careful not to get the sales tax because most places include that automatically these days
  - Do not price any "Combo" or other special

#### 44. PIZZA

Medium plain cheese pizza

- ❖ 11"-12" diameter thin crust regular cheese pizza (no extra cheese)
- ❖ Please price only the medium plain cheese pizza, with no extras, at Pizza Hut or Pizza Inn. Get the round pizza price, not the pan or any square type.
- ❖ Only price one pizza, no matter if you can get another for even a penny. What would it cost you to get only *one* pizza?
- ❖ Please check for these **common mistakes**...
  - Please be sure to obtain the price for "eat-in"; you may be given a home delivery price and some places add a dollar or two for that.
  - Don't price any other franchises than Pizza Hut or Pizza Inn unless absolutely necessary
  - Do not include the tax -- be extra careful to exclude the sales tax because most places may include the tax automatically in the price they quote (especially over the phone)
  - Do not price any specials such as a free liter of soft drink with the pizza, if you can avoid it. If not just take the price and ignore the "freebie". Do not take anything off for the "freebie."

#### 45. FRIED CHICKEN SANDWICH

Original/ Regular chicken sandwich at Kentucky Fried Chicken, Chick-fil-A, Popeye's or Church's Chicken

- ❖ Get the price for an original or regular chicken sandwich.
- ❖ Do not price for a meal, just the entrée sandwich
- ❖ Do not price with coupon or promotion
- ❖ Please check for these **common mistakes**...
  - Get only the original fried chicken, not spicy or grilled
